To one of the greatest teachers in the whole school. It really has been fun being in your class this year. We really have had some fun together going to ballgames and all. I know that I wouldn't have had that much fun with any other teacher. You really have made my senior year a great one. Good luck always.

(I won't tell your wife that
(you are in love ~~as~~ with a
(girl in this school. J-LL.)

Randy.

Mr. Allston, I think you are the nicest friend anyone could ever hope to have. You have made this year brighter for me just with your smiles. You are so understanding and loveable. I was thankful that you were married because I think it is so silly to have a school girl crush on a teacher and I would probably have one on you if you were not. May you have only this best. I will miss you next year.

Love,
Penny

So the greatest teacher in the school.
It has been great even though I didn't have any classes under you. Those science club parties are great. Good luck with all the girls. Good luck

P.S. maybe you can go to Fayetteville with us again.

a friend always,
Louis

Introduction

This school year of 1967-68, the annual staff is so very proud to introduce to you the biggest, and we hope, the best Devilaire Laura Conner High School has ever had. There have been many changes in hopes of producing a better annual for you, the students and faculty of Laura Conner High. All in all, we hope this will bring as many happy and cherished memories to you as it will to us.

I would like to express my appreciation and say thank-you to the fellow officers, members of the staff, to our sponsor, Mr. Hazelbaker, and to the help of Mr. Wilson and Mr. Brady. Without these people, there simply would be no annual.

Now I am very happy to present to you our 1968 Devilaire.

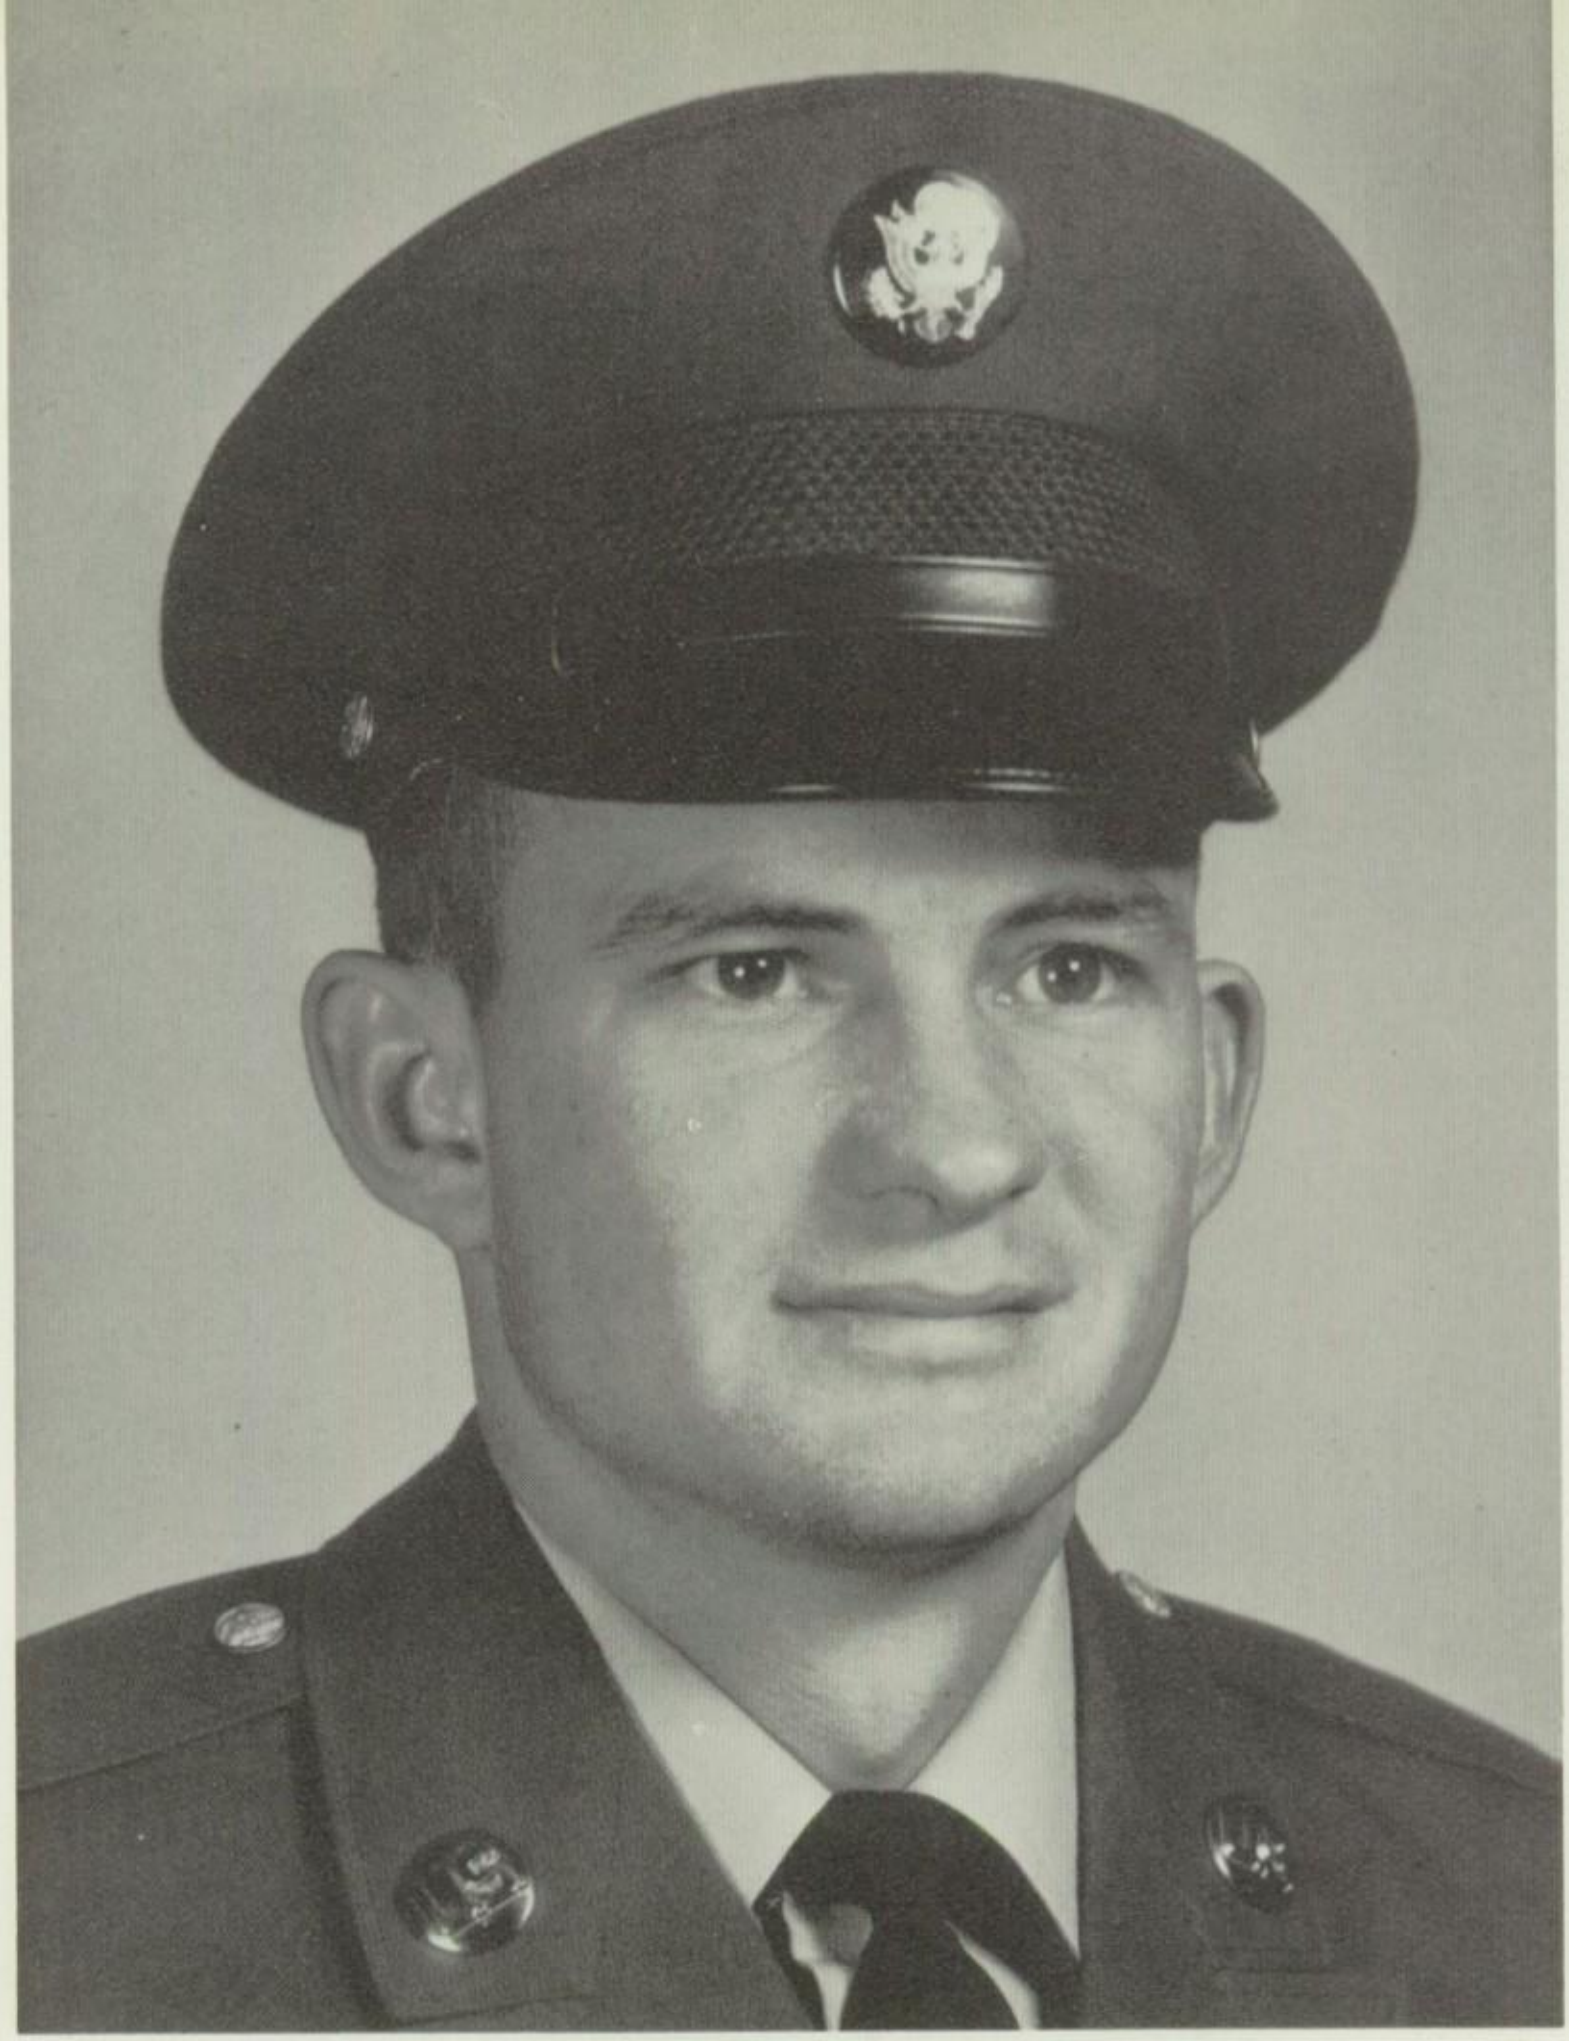
Dedication

Coach George Jones

This year's annual staff is proud to dedicate the 1968 Devilaire to Coach George Jones. In the past two years that he has been here, he has shown great interest in the classrooms, coaching, and most of all, in students as individuals.

Sincerest thanks and appreciation goes to you, Coach.

The 1967-68 Devilaire Staff

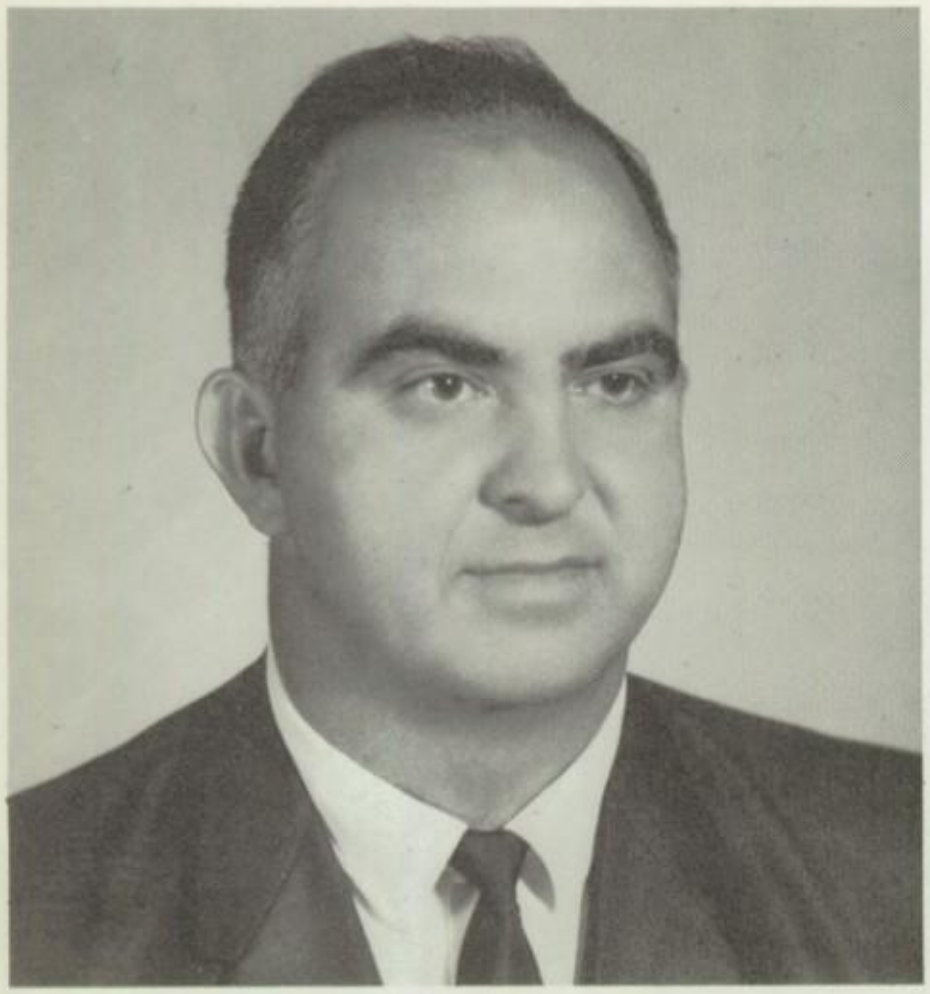


PFC Ronald L. Pendergist

In Memory

Courage isn't a brilliant dash,
A daring deed in a moment's flash;
It isn't an instantaneous thing
Born of despair with a sudden spring.
But it's something deep in the soul of man
That is working always to serve some plan.

ADMINISTRATION



Mr. James E. Martin, Superintendent of Augusta School District

The character of our society--its strength, its integrity, its effectiveness, its freedom--is definitely determined by the degree and quality of the education of its individual members. With this in mind, we must raise ourselves to a much higher level of interest, of attention, of hard work, of care, of concern, and of dedication of the education of children.

In proportion as we strive toward this goal, our school, town, county, state, and nation will grow in greatness.

In Memorial

We, The Staff of the 1968 Devilaire, dedicate this page to the memory of Mrs. Della Pearrow, whose many years of dedicated cafeteria service will not soon be forgotten. Her unselfish efforts to help those students of our school and her neighbors of the community were accepted with, perhaps, little thought but with much appreciation. She will be missed but not forgotten.

To a grand friend, Mr. Allston
Thanks for everything. Y
have done so much for me this
year. Everytime I've been
down in the dumps, I've seen
your smiling face and my spirit
are raised.
I have never known a
person with a better personal
you're simply unbeatable.
This year would not have bee
half so much fun if you had
not been here.
I can never say "thank
adequately, so I won't try
any further.
Lots of love,
Sherry
Lockhart

"Our Gang"

On me tonight comes a longing a longing again to pain.
For the days that have gone forever, and for the same "Old Gang".

The "Gang" who once had no sorrows, as we joyfully laughed and sang.
Give me no thought of tomorrow and the parting of the same "Old Gang".

But the parting last overtook us, and the Gang is a thing in the past,
but to me there is still a sad memory, and that memory shall forever last.

Though some of the "Old Gang" departed in to some distant state
and some are still growing wiser and others at last have joined their mate.

Our memories as time will fly backward, with a yearning for days past and gone,
when the "Old Gang" was happy together, yes, as happy as the days are long.

May we all meet again up in heaven, there we will know no parting or pain,
but rejoice with the Holy Angels our SENIORS and the same "Old Gang".

Dear Mr. Allison,

I can't begin to tell you how much you've meant to me this year. You have just been great! No other teacher has ever been so close. You have one of the greatest & warmest personalities I have seen. Sometimes you are so funny. Dad used to say how funny you were & how it was nice just joking with you. Sometimes he wouldn't say anything but you could tell he thought a lot of you, as does everyone else. I hope you will always be like you are now. Thank you so much for your help in the times when things were rough. We really appreciated it. I'll always remember you and Donna & how great you both are. Write us next year at A&M and come see us if ya'll can.

Love,
Terry

Dear Penny Raymond:

Well, I must say I was very honored to be asked to select your annual king and I certainly enjoyed doing it. This is during exams and a break in the studies is always welcomed, especially when you put your mind on boys.

I would have loved to have met them for the choice wasn't easy. Congratulations to the winner and my best to all.

Sincerely,

It was quite an honor to be chosen as the person to select your annual yearbook beauty queens. The choice was a difficult one as all the contestants were lovely. I am submitting my three choices, the queen and two alternates, as requested.

I wish to thank you again for the honor and wish all of you a very prosperous future.

Mr. Alliston,

It has really been a joy having such a teacher as you in our school this year. You're one of the most likeable and friendly teachers I've ever known. I know I'll really miss you next year. Especially those Science Club parties. I hope you've enjoyed this year as much as I have and that you'll continue to be as great a friend to the student body in years to come. Thanks for helping to make my senior year happier.

You really are a great guy so great that it's hard to believe your a teacher and not one of us kids for you would surely fit in our gang. You've really been a great influence, not just on me but on all your students. It's really been a pleasure having you as a teacher as well as a friend. You didn't even realize it but you helped me to make what I thought was a great decision (figure that one out.) Thanks for being such a good friend and for making this a wonderful year. Jim Hardin

P. S.

Be sweet to Donna and behave yaurself this summer while yaw go away to school.

Mr. Allistar,

It has really been wonderful having you here this ~~year~~ year. You really don't know how much you have meant to me this year. You and Donna have been so nice to me, that I could never forget it. You make everyone feel so happy when they're sad and you comfort them when they're troubled. The Science Club hasn't had very much fun until you came here

have added so much to the school, in every
way. I am so happy that you get to go to school
this summer, but of course, we'll miss you. Mr. Allston,
Thank you again for everything you've done. I wish you
could walk down the aisle with us at graduation, then I
wouldn't be so sad. It seems as if I've known you for
years, because you have been so sweet & kind to me. I will
never forget you. I'll come see you next year. I'll
then go visit your mother & daddy. I sure
will miss you next year, but maybe you
and "Bubbles" can get along without me.
You are doing nice! Love,
Holly
